Water Descends

Water Descent is one of the most beautiful ornamental features for your pool or spa. Creating a water movement in your pool, it may be adjusted from a peaceful sheet of water falling into the pool, to a relaxing water massage for your back, adding elegance and style to your pool.

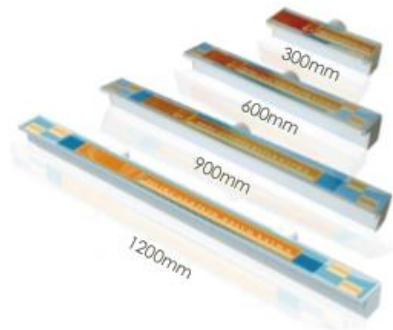

Available in five different models, you can enjoy different water effects and trajectories, from our standard water fall, to rain sheer or arc trajectory.

With the optional RGB LED strip, the unit provides you vibrant colourful waterfall which adds visual interest and soothing sound of flowing water to your landscape.

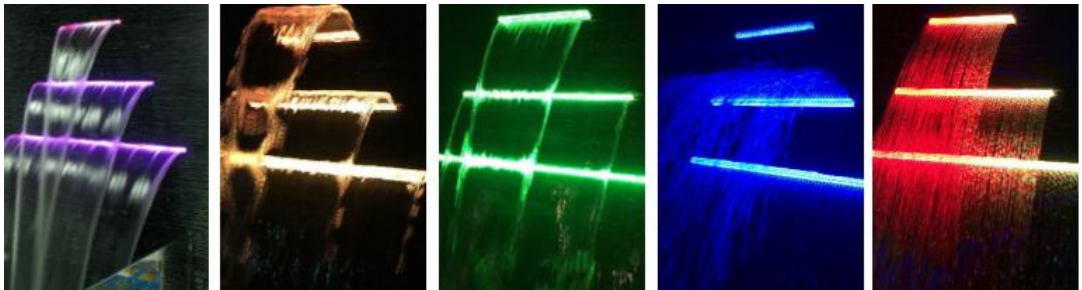

Features

- ✓ Four different lengths: 300 mm, 600 mm, 900 mm and 1200mm.
- ✓ LED strip is powered by external 12V DC, which is safe and reliable.
- ✓ The LEDs can be operated through panel or remote control and 10 lighting patterns are available.
- ✓ Multiple water descents can share the same controller and act in the same pace

Steam & Sauna Rooms

Steam rooms are similar to saunas. Both encourage you to sit in a small, heated room, and both claim your health benefits. The difference is in the type of heat that they provide. A sauna uses dry heat, usually from hot rocks or a closed stove. Steam rooms are heated by a generator filled with boiling water.

Benefits of Steam Room

1. Improves Blood Circulation
2. Relieves Lower Blood Pressure
3. Reduces Stress.
4. Clears Congestion
5. Promotes Skin Health
6. Aids In Workout Recovery
7. Loosens Stiff Joints
8. Burns Calories
9. Boosts The Immune Systems.

Steam Room

Steam Generator (9Kw - 30Kw)

Sauna Room

Benefits of Sauna Room

1. Helps Your Body To Remove Toxins.
2. Deeply Cleans Your Skin By Opening Pores & Flushing Impurities From The Body.
3. Relieves Headaches, Muscles & Joint Pains.
4. Release Tension & Provides Relaxation.
5. Includes A Deeper, More Relaxing Sleep.
